

# 1.2.4. SIGNAX POWERPACK

## SIGNAX POWERPACK

SIGNAX POWERPACK includes all SIGNAX modules and functionality:

- **DOCS** (cloud common data environment),
- **INSPECTION** (cloud 360-degree construction site inspections),
- **TOOLS** (BIM-empowered plugins for Revit and Navisworks for design and construction phases),
- **DASHBOARD** (mobile construction project reports).

Annual license per user.
