

2.4.1. Connect SIGNAX to Autodesk Docs

General Information

This manual helps BIM specialists and Autodesk Docs administrators connect SIGNAX services and support users.

Instruments

- Autodesk Docs shared space

Connect Custom Integrations

If you do not have the *Custom Integrations* tab in *Account Admin* - *SETTINGS*, you need to request its connection from Autodesk. For this, you need:

Send an email to **bim360appsactivations@autodesk.com** with the following information:

1. *Autodesk Docs Account ID* (located here - BIM360 Account Admin >> "Settings" >> "Profile" >> "View Account ID")
2. *Autodesk Docs Account Name*
3. *Autodesk Docs Account Admin Email*

Add an App to Autodesk Docs

AFTER COMPLETING THE PREVIOUS STEP, the Autodesk Docs Account Administrator can add the SIGNAX product as *Custom Integrations* under the *Account Admin - SETTINGS - Custom Integrations tab*.

To send a request to connect SIGNAX to your Docs account, you need to do the following steps:
